

# CARLOS SAN MARTÍN TRUJILLO

## FRONT END DEVELOPER

Phone: +56998304615 (CHILE)

[CV WEB](#)

[LINKEDIN PERFIL](#)

[carlosanmartin@hotmail.com](mailto:carlosanmartin@hotmail.com)

More than 10 years of experience working as a Front End developer.

Oriented to precision, concern for aesthetics and with a proactive approach to operate both independently and in multidisciplinary team environments (Backend, Devops, UX etc.)

In my work career, I have been part of multiple projects in various companies in the field of E-commerce, Retail, Multinational Consulting Companies, Airlines, communications, design agencies, educational institutions, government institutions, among others.

I am passionate about web development and design, I enjoy working as a team to achieve quality results, I consider myself to have the ability to learn quickly and adapt to new environments, which has allowed me to successfully face technical challenges and deliver projects with great results.

Excellent interpersonal relationships, organization and management of agile methodologies.
